STRENGTH

Strength is the most fundamental attribute we need to live a longer, better quality of life. By emulating daily movement patterns with added resistance, we create a better quality of life, living longer and stronger. Classes run for 30 minutes with members arriving 10-15 minutes early to work through their individual warm up.

EXPRESS

30 minutes of high intensity training 2-3 times a week is all we need to increase our cardiorespiratory fitness and burn that extra, unwanted body fat. Express is perfect as our coaches program our high intensity sessions for all forms of fitness levels. There are always low impact options so members can perform any exercise safely, avoiding injury, however still getting a good workout.

POSTURE, STRENGTH & CORE

Any persistent or nagging injuries that have been causing you pain for a prolonged period of time? Come to our one hour long Posture, Strength and Core class and learn the correct mechanics of the body, to eliminate/reduce the potential for injury with plenty of release and activation exercises.

MOBILITY

Sometimes we need to take a break from putting the body through the stresses of heavy lifting and/or conditioning and work on the mobility and stability of our muscles and joints. Our half an hour mobility class uses bodyweight plus light resistance to create better flexibility, mobility and stability in our muscles and joints.

BOXING

The best way to relieve stress after a long day at work. Our one-hour boxing class is great for cardiovascular fitness as well as mental health.

KICKBOXING

Similar to boxing with added kicking and Brazilian Ju Jitsu styled martial arts. This 30 minute class is guaranteed to have you walking out with a good sweat and sense of accomplishment.

KETTLE BELLS

Using kettle bells is a great way to create stability and strength through specific joints and muscles, whilst also activating our core muscles. This 30 minute class is perfect for beginners who are looking at strength training but are uncertain on their skillset.

MYSTERY WORKOUT

Every Saturday for one hour you will get a mystery coach delivering a mystery workout in a mystery location. Perfect to mix things up on a Saturday and kick-start your weekend.
